

You understand
clinical risk.

Do your residents?

Yes, they're
busy, but you
know that it's
better they
learn in the
classroom
instead of the
courtroom.

We partner with you to...

To see a listing of possible courses available,
please visit our interactive **Course Information Tool**
at www.med-iq.com/courses or by scanning here:

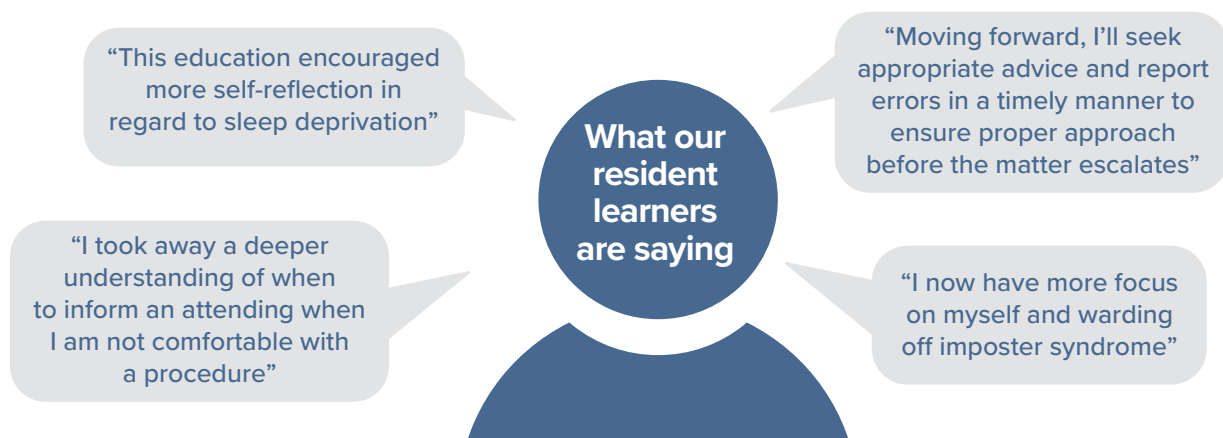

We can create a suite of courses that will prepare your residents and fellows for the latest clinical risks and provide didactic support for **Clinical Learning Environment Review (CLER) Pathway Focus Areas**
